

RIDGEFIELD TRIPS GERMANS.

Locals Strengthened By Return of Martin as Forward.

The Germans of Danbury invaded the Ridgefield hall Thursday evening, with all intentions of adding another game to their long string of victories. They were not quite fast enough however, for the local team defeated them by the big score of 58-27.

Though the game was rather one-sided, it was fast. The locals started off at a whirlwind pace, scoring twelve points before the Germans succeeded in caging their first basket. The passing and team work of the home team was up to the standard. A number of new plays were worked out for the first time and proved very effective.

Ridgefield's initial basket was caged by Martin. This was Martin's first game and he showed his old time form by playing a fast game and caging twelve baskets.

The locals continued to pile up the score and at the end of the first half the score stood 30-18 in favor of Ridgefield.

The local five started the second half somewhat similar to the first. Francis, who was hurt, was replaced by Walker. The local practically played with Germans in this half and caged the leather at will.
